Just take some loneliness

And add a tear or two

Throw in some emptiness

Mix 'till you're bluer than blue

Keep it all under cover

Next to your broken dreams

When you're through

Then you'll know how I

Sit alone and cry

As the nights go by

Makes you wanta die

'Cause

(*) Your baby doesn't love you anymore

Your baby doesn't love you anymore

You try to make believe

It doesn't bother you

For your own sake believe

You'll make it through

Just make a vow ev'ry morning

That today you will change

Your point of view

But it's all a game

That you play in vain

And you live in pain

Cuz it's very plain

Repeat (*)

And there's nothin' that you can do

But just break down and cry

It's over for you

When

Repeat (*)
