I hate to say I'm leaving you
I wish to call that I could stay
Things ain't right between us
Not the way that used to be the love
We thought would last forever and a day cannot be

'Cause sometimes a love goes wrong
Sometimes a heart can fear love
Sometimes a love goes wrong
Just when you think you got it
Sometimes a love goes wrong
Sometimes a heart can fear love
Sometimes a love goes wrong
Just when you think you got it
Look and love is gone

Why did the feelings have to change
Why couldn't it remain the same
Where's the joy and laughter
And all the things that we once knew
I know that it's so hard believing
That we're through but it's true

'Cause sometimes a love goes wrong
Sometimes a heart can fear love
Sometimes a love goes wrong
Just when you think you got it
Look and love is gone

Oh when a love is through there
Ain't nothin' that you can do
When love comes along look around
It's gone when love... is gone you feel you can't go on
And the love you have found look around and it's
gone...
Oh... what am I gonna do?
