I know just how to whisper  
And I know just how to cry  
I know just where to find the answers  
And I know just how to lie

And I know the night is fading  
And I know the time's gonna fly  
And I'm never gonna tell you  
Everything I gotta tell you  
But I know I gotta give it a try

But i don't know how to leave you  
And I'll never let you fall  
And I don't know how you do it  
Making love out of nothing at all

The beating of my heart is a drum and it's lost  
And it's looking for a rhythm like you  
You can take the darkness from the pit of the night  
And turn it into a beacon burning endlessly bright

I've gotta follow it 'cause everything I know  
Well it's nothing till I give it to you

Out of nothing at all, Out of nothing at all  
Oh, out of nothing at all  
Out of nothing at all
