Verse 1:

He humbled himself and came to earth
To break the chains of Satan's curse
He taught the broken and healed the lame
He forgave the sinners and took away my shame

Chorus:

And he's Alive
He's alive
He's alive
He's alive

Verse 2:

After all the palm branches waved
He is perfect, Yet still was betrayed
Just to see him hang on that cross
And do it all for the sake of the lost

(Chorus)

Bridge:

Angels lift up your voices
Sing to the Lord
Shout hallelujah to the highest
For he reigns
He's above all things

The tomb was empty that glorious morn
Because of Jesus the curtain was torn
Not even death could overcome
The Son of God the Risen One

(Chorus)
