If the sky was always dark and grey
Never golden rays or happy days
Just living in a world of haze
If all the colors of the rainbow
Just faded by and when we died
No one cried 'cause nobody noticed
Oh, why,
Didn't we live this life
And see the light?

(CHORUS)

And see the sun set in the sky
The endless blue high
The clouds as they roll on by
The rich falling leaves sheltering me
Can't imagine it all black and white
You coloured it for me
(Oh, oh)
You coloured it for me

Take a look outside my window
See the ordinary people
There's not one different from another
And take a look a little closer
Each day they're growing older
Their life slips away and seems over
Oh, why,
Didn't we live this life
And see the light?

(CHORUS)

(Bridge)

Everyone who wants to see
Something more than what meets the eye
Everytime I open my eyes to find something beautiful

And see the sun set in the sky
The endless blue high
The clouds as they roll on by
The rich falling leaves sheltering me
Can't imagine it all black and white

(CHORUS)

If the sky was always dark and grey
Never golden rays or happy days
Just living in a world of haze, yeah
