Verse1:

One thing I ask of you, my Lord  
That I might dwell here with you  
Hide me away here in your love  
That I might be more like you  
This is my desire, this is my heart's cry  
That in my life you'd be lifted high

Chorus:

With every Breath  
The air that I breathe  
I will live for you my God  
With every beat  
Here in this heart  
I will live for you  
I will live for you my God

Verse 2:

I will sing praise to you my Lord  
For you are merciful and true  
I lift your name above the earth  
That you might draw all men to you  
From every nation, Lord to you  
This is my desire, this is my heart's cry  
That in my life you'd be lifted high

Bridge:

In every tribe, in every tongue  
I wanna see your kingdom come  
And hear all praises sweetly sung  
To you alone the holy one

(Be few my God)
