Verse 1:

You pursue me  
Without rest  
Faithfully you meet me here  
You know me  
And gently call my name and say  
My banner over you is love

Chorus:

So I sing a love song  
I pray a love song  
I shout a love song  
For you are my delight  
I cry a love song  
I dance love song  
I live a love song  
For you are my delight

Verse 2:

I long to find you  
Lost in your word  
Cherish every moment there  
Whisper a promise  
Tell me where to go  
I live to know you and love you more

Bridge:

I see your greatness  
I hear you calling  
You are my delight  
I taste your goodness  
I feel your presence  
You are my delight

(Chorus)
