Did you forget or did you never know?  
It wasn't like this before  
There once was blood, sweat and tears  
Now it's all marketed

Call me a fool or out of touch  
I stand by all my words  
Sincerity has left the stage  
Now it's all marketed

It's obvious that things must change, but this is one big  
mess  
I never thought it'd come to this, but here we are  
The lines are drawn, it's time to swing. Let's separate  
this now  
I'm not at all impressed

Wake up it's dead. This is disastrous  
I'm throwing in the towel  
This is ridiculous  
Why is it so hard?  
Take a look around  
Everything is sponsored  
There is no underground

Overexposure will be the death of you  
Live it up now, you'll soon be gone  
And I never thought it would come to this, but here we  
are

Where did it go?  
When did conviction die?  
Where did it go? Someone tell me  
I never thought it would come to this now it's all  
marketed  
Do you honestly believe?  
I never thought it would come to this now it's all  
marketed  
And why does your heart even beat?
