Hot sun in the city  
The symphony is clear  
The girls are so pretty  
Post card souvenir  
I feel it coming on  
Hot sun in the city  
I feel it coming on  
The joints are still ripping  
All faces aglow  
The hearts are still skipping  
Ta ta wayo wayo  
I feel it coming on  
Hot sun in the city  
I feel it coming on  
The transistor beaches  
Hot tan on white sand  
The motel with peaches  
It's getting out of hand  
I feel it coming on  
Hot sun in the city  
I feel it coming on
