I can't put out your fire, I know it's too late  
I can't be up for hire, it's not my best trait  
The gallows glass is cracking, it's starting to smash  
How can you cry without blinking a lash

You're feeling cross and wavy on the edge of the cuff  
You're pushing and popping, you don't get enough  
You wish that it was over, you never slow down  
You're looking for kicks, there's nothing around

### CHORUS

You can't hold on too long, it's alright  
You can't hold on too long, it's alright

You're surrounded by the laughing boys  
They puncture your style  
They send for their bandanas, you try for their smile  
You'd like to come in colors, you don't know which one  
You can't be too choosy, it's just for fun

### CHORUS
