We've lost our heading
We have lost our way
Now fear is spreading
We've fallen prey

We're getting closer to the end
Head spinning faster, (faster)

When our worlds collide
There is nowhere for us to hide
Yeah, we live and die
On this universal time.

No more debating
Much to our dismay,
The world is fading
Into decay.
We're coming closer to the end
It's spinning faster, (faster)

When our worlds collide
There is nowhere for us to hide
Yeah, we live and die
On this universal time.

We're treading water, we're getting bolder,
We're heading under, upsetting order

Upsetting order!

(2 x)
When our worlds collide
There is nowhere for us to hide
Yeah, we live and die
On this universal time.
