This started back at the beginning
Where innocence was born
To hold it back seems only fitting
I am conscious of the storm
That's brewing inside
Yeah, it's coming in life
No where to run
No where to hide

Finally, at last
Rising from the depths
It's the only hope you have
And I hope you feel it now

Can you feel it yet?
Oh, ho, oh
This hearts still beating here
It's always on

Feel the pulse, feel the beat inside
Turn it up, turn up until it's done
Feed the urge, feed the need
To insatiable degrees
A conduit
Vibrating circuit
Your energy, your chemistry
Is enough for both of us to see

Finally, at last
Rising from the depths
It's the only hope you have
And I hope you feel it now

Can you feel it yet?
Oh, ho, oh
This hearts still beating here
It's always on
Don't call it destiny
That's so defeating
This electricity
Flows through us all

It reverberates within us all

Can you feel it yet?

Oh, ho, oh

This hearts still beating here

It's always on

Don't call it destiny

That's so defeating

This electricity

Flows through us all
