She's just this girl right down the street
She's got my heart, my soul to keep
She's got my world turned upside down.

Tied up and now I guess it shows
Locked down in the straight and narrows
Maybe I'm an ordinary boy
But she had to notice me
I made it so obvious to see
Now she says she's going off to see the world!

[Chorus]

And if you go there, oh please take me with you!
If you go there there, oh please take me with you!
Cause I can never see what you imagine
No, I couldn't see that road
So if you go right now, please take me with you!

I have, oh so endlessly,
Built up all these fantasies
We turn this world upside down!
She said, if you got heart, you got me!
And if you got dreams, well let's just see
You're not so ordinary as you believe!
But she had to notice me
I made it so obvious to see
Now she says she's going off to see the world!

[Chorus]

And if you go there, oh please take me with you!
Saying if you go there, oh please take me with you!
Cause I could never see what you imagined
No, I couldn't see that road
So if you go right now, please take me with you!

[Chorus]

So, if you go there, oh please take me with you!
(Please take me with you!)
Saying if you go there, oh please take me with you!
(Please take me with you!)
Cause I could never see what you imagined

No, I couldn't see that road
So, if you go right now, please take me with you!
