I walk around, it's 10 past midnight here
And I'm movin' to the sound of people drownin' out
their lives
This little voice that says "Hey, we should settle down,"
"But we never listen," we say to each other

"Just wait 'til they see me now
I'm, I'm feelin' so alive
Don't you wish it was like this every night?
The city never sleeps
And you and I, lets fly away this time and get on with
our lives
But don't look down,
You'll never feel your feet touch the ground

If it's all the same
I'd rather never leave
It feels too good
To hear the sounds, see the sights on Maine St.
Cuz now I see millions
Of people
Swimming out their lives
And they all came from nowhere

They all say, "Just wait 'til they see me now
I'm, I'm feelin' so alive
Don't you wish it was like this every night?
The city never sleeps
And you and I, lets fly away this time and get on with
our lives

(Instrumental)

Now I'm, I'm feeling so alive
Don't you wish it was like this every night?
The city never sleeps
And you and I, lets fly away this time and get on with
our lives
But don't look down
You'll never feel your feet touch the ground

They'll never touch the ground
