Oh
You've gone and done it this time
You stupid boy, you're out of line
And all misunderstandings, all of them aside
Your sincerity boasts a hidden lie
A fantasy and fairytales.

[Chorus]
Now you're leaving all of this behind
Off to see the world and there you'll find
I've been waiting here now all this time
We could've had it all but you were blind
We could've had it all.

Wait, The smoke it never cleared
And now you've gone and disappeared
Into thin air,
You vanished like a ghost tangled in despair
Searching for a reason

[Chorus]
Now you're leaving all of this behind
Off to see the world and there you'll find
I've been waiting here now all this time
We could've had it all but you were blind
We could've had it all!

And now you've gone and disappeared
Into thin air,
and vanished like a ghost tangled in despair

[Chorus]
Now you're leaving all of this behind
Off to see the world and there you'll find
I've been waiting here now all this time
We could've had it all but you were blind
We could've had it all! (All this time)
We could've had it all! (But you were blind)
We could've had it all!
