Patience, child it will find you
Your deepest dreams will guide you
the moment that you're born
oh my fear inside will come through
honey, right behind you
don't let it get that far

somehow
breathe a little deeper now
cause this is who we are
when we look into their eyes
don't fly so high
so high little bird
you'll get your wings
we'll pick it up, pick it up
while you move

Searching
the moment that defines you
your deepest dreams remind you
get up before you're gone
Now that all you hear
is what surrounds you
push it up, give it up
come around you
never stop and you will find it all

somehow
breathe a little deeper now
cause this is who we are
when we look into their eyes
don't fly so high
so high little bird
you'll get your wings clipped
we'll pick it up, pick it up
while you learn, yeah

So we decide...
We decided
We decide this now
So find out how we can survive
How we can survive

If we learn how to live our lives
If we learn how to live...

somehow

breathe a little deeper now
cause this is who we are
when we look into their eyes
don't fly so high
so high little bird
you'll get your wings clipped
we'll pick it up, pick it up
while you learn, yeah
