Both my arms and legs  
Are torn to shreds  
My eyes are tired and grey  
I've lost a stone  
I'm just skin and bone  
And when I come home today  
Look away... look away  
Turn your eyes to the children  
I don't want you to see me this way  
Because I'm all twisted and broken  
I've started drinking  
And chain smoking  
And I don't speak anymore  
Unless I'm spoken to  
I'm A G.I. AND I'm BLUE

Look away... look away  
Turn your eyes to the children  
I don't want you to see me this way

Look away John F Kennedy  
Look away Franklin D Roosevelt  
Look away George Washington  
Thomas Jefferson and Brother Jonathon  
Look away Bob Hope  
Look away Uncle Sam  
Look away Ronald Reagan  
Look away Dixieland

Oh God I wish  
I was in Dixie  
In Dixie with you  
I'm A G.I. AND I'm BLUE
