(Young must receive a short sharp ....)

I'd like to teach the world to sing  
and put an end to suffering if I could.  
With the dedicated heart and soul  
of Britains greatest rock 'n' roll robin hood.  
But youre eyes are dim you cannot see  
your middle name is misery.  
Do you like to teach the world to sing  
you're gonna get your head kicked in.

Don't lose your temper shopping centre son.  
Just remember young offenders mum.

All gods children snatch a handbag  
spot the ball and mash the grandad  
choose the pictures on the news  
count the stitches on the bruise  
lock your sons up with your daughters  
stay at home dont drink the water  
intercept or interfere and just blame the parents

Don't lose your temper shopping centre son.  
Just remember young offenders mum.

Down the front of the church  
for the second time in life loves hurts.  
This time theres no buttons and bows  
shes wearing non fast-coloured clothes.  
Service seems to last for hours  
no-one wants to catch the flowers.  
On the shoulder of an older brother  
the young offenders mother.

Don't lose your temper shopping centre son.  
Just remember young offenders mum.

Young offenders mum.
