Bubbles: Open your eyes and take in
every thing that you see.
Look at all the colors, red, yellow, blue, & green.
We can take an airplane and fly
across the globe, look down upon the colors.
C'mon everyone, let's go.

Because...

Buttercup: Love

Blossom: Love

Bubbles: Love

Girls: La La Love, La La Love makes the world go
'round.

Love, love, love, la la love, la la love makes the world
go
round.

Bubbles: Open your ears and listen what the world has
to say.

Hear the birds & bells and you will have a brighter day.

Everyone has a special song deep inside their heart.

If you want, you could sing with us, it's the perfect
place to start.

Buttercup: Love, love, love, la la love, la la
love makes the world go 'round.

Bubbles: You can't hurt me with the things that you do,
I'll pick up dandelions and I'll give them to you.

Blossom: Puppy dogs, kitty cats swimming through.
(repeat)

Buttercup: Love

Blossom: Love

Bubbles: Love

Girls: La la love, la la love makes the world go 'round.

Buttercup: Love

Bubbles: Love

Blossom: Love

Girls: La la love, la la love makes the world go 'round.
