(Sugar, spice and everything nice  
These were the ingredients  
These were the ingredients  
These were the ingredients  
Chosen to create the perfect little girls...)

CHORUS:

Me and my girls are takin' over  
Ya better know  
There's nothing that we can't do  
When it comes to standin' up  
And defendin' what's true  
We do what we got to  
We ain't afraid to let the world know  
We got the power to change what's wrong  
As long  
As we're together  
We're gonna stay strong  
We do what have to

Ya know it ain't easy bein' a girl  
'Cause so many people try to rule your world  
They don't wanna give you the respect that you earned  
It's like you gotta scream if you wanna be heard  
But got to know within you lies  
The power and strength to win the fight  
And with your sisters by your side  
There's nothing you can't survive

With the sugar, spice and everything nice  
We got a little something  
Extra  
Holdin' us all together  
We're takin' over

REPEAT CHORUS

'Cause the world is a crazy place  
And they you you're just a pretty face  
So hold on to you no matter what they say  
You can't just let them convince you to throw all your  
dreams away

And when you think you've had enough  
Remember you've got the stuff  
Inside that makes you twice as tough  
And you're a diamond in the rough

REPEAT CHORUS X 2

So let all your superabilities show now  
Let them all know that you just refuse to bow  
'Cause there's no way anyone else can hold us down  
No...no...no..no...

REPEAT CHORUS TO FADE
