My head is numb, without thought it was  
My heart is numb but you thought it did  
When I look in the mirror, it just takes place  
Cause when I see, I see your face

Now you don't know what's going on  
Cause you just think that I've been wrong  
But I tell you, babe, what's going on  
It is your feeling that's too strong

Drop that ghetto blaster

To the Bat Cave, let's go

Let you know  
That it's time for you to go  
Cause you're gonna break my heart

Let you know  
That it's time for you to go  
Cause you're gonna break my heart

House music all night long  
House music all night long  
House music all night long

Drop that ghetto blaster

House music all night long  
House music all night long  
House music all night long

To the Bat Cave, let's go

We knew this love was just a game  
I thought you felt, you felt the same  
And now it's time for you to say  
That I must go my own way

Now here I am, all alone  
Waiting for you by the phone  
Cause I can't live without you no more

I only love you and that's for sure

Drop that ghetto blaster

To the Batmobile, let's go

My head is numb, without thought it was  
My heart is numb but you thought it did  
When I look in the mirror, it just takes place  
Cause when I see, I see your face

Now you don't know what's going on  
Cause you just think that I've been wrong  
But I tell you, babe, what's going on  
It is your feeling that's too strong

Let you know  
That it's time for you to go  
Cause you're gonna break my heart

Let you know  
That it's time for you to go  
Cause you're gonna break my heart
