[Scarface]

You heard what the man said
Bitch now un ask it

When hitin' licks I'm a savage
You hoes is plastic

Slowin me down gets you blasted

[Beanie]

For your chunk I'll trunk your folks
It aint shit for mac to grip the gat and put the pump to
work
Call your bluff run in your spot with a detective suit
Got you cuffed bout to show you what this tech will do

[Scarface]

You must of thought that we was friendly when we told
you we was rappers
We Jackers
We want the money
That's what we after
We want the package
Under the god damn mattress
And if the brain splatters don't matter
That's what we practice

[Beanie]

Blast the rocket
Knock off your leg
Tear through your forearm
Sit you in a chair make your niggas call you short arm
Pelets in your hand You'll never put shorts on
Aint shit fair when you got to get your war on

[Scarface]

So why don't you come out and play
Make my mother fuckin' day
Y'all niggas cotton
Potatoes like augrotten

We niggas plottin'
To hit your stash and leave you rotten

[Beanie]
I done bust slugs from all types of shit
I have your ass plugged up to all types of shit
And I show you dog how your life can get
And every thing all real fuck what you might can get

[Scarface]
Cause nothin needs to be said something needs to be
done
B give me a ciggarett I think I need one
Cause in bout 15 seconds I'm a set the motherfuckin'
alarm off
And shoot this motherfuckers arm off

[Beanie]
You niggas better smartin up
Act like mac won't come through and spark shit up
Where the fuck you get heart from
Little bitch ass nigga started commin' out the fuckin
dark from

[Scarface]
I done told you I'm the only nigga pushin' weight
And for another nigga to try to take my place is in the
wake
It's time I retaliate
I'll make you mother fuckers pay
Now point me to the motherfuckin' yay

[Beanie]
You lookin at a sick bastard
This stick up shit I got it mastered
Glove and ski mask it
Any body move a lick gettin' blasted
When I'm in the crib for yoour shit and a thick plastic

[Scarface]
I got this duck tape stuck in my pocket for one reason
You can stop screamin' stop squermin' or stop
breathin'
Cause I didn't come here to stay or play your babysitter
I came here to split your mother fuckin wig nigga

[Beanie]
If your block gettin money nigga I want in
Run it in
Before I run in
Your spot 200 glocks and 100 men

Droppin' More shells than run and 'em

[Scarface]

Actin Bad

Smash a nigga stash and mash

Snatch the bag

Bust him in his ass and dash

Un cock the mag

Kill him I don't need no mask

We Identify each other nigga Mac and Brad

[Beanie]

Who you know but Mac and Brad

Come through all black

No mask and crash your pad

8 clips 4 hammers desert eagle the place

Nobody but Sigel and Face

You Feel that

(Spoken)

Yeah nigga that's what I'm talkin about I know you not tired

[Scarface]

I'm Through I'm tired and I'm out this motherfucker

[Beanie]

Yo I spit so real so my boys can eat

You got the nerve to have a deal and just noise on beats

Little suburb nigga never saw the streets

Silver spoon ass nigga never drewed your heat

I keep it the truth what's all the fakin' for

God dam every week I got to break a jaw

And you wonder why I smack up niggas

Shit it's either that or Macs gonna clap up niggas

What ya'll want me to do hunh soften up

So my raps can start to soften up

Shit never that

Dog forever my baretta cat

Hittin' niggas in they fitted cap where the letters at

I told ya'll that the truth in here

Recognize hottest thing in a booth in here

The Gooch in here

Ay yo it's over in here

God damn somebody bring me some juice in here

[Scarface]

I used to be a drug dealer

Hangin in the cut sellin' dime rocks

Gettin' cash to eat with

Punchin' a time clock

In the ghetto makin' small change
Slingin' till the sun up
Got to pay my phone bill focusing on the come up
Got 6 shots numbers strait
Crank bout 38
Big boys trippin' on me tryin' to nigga hate
This 17 year old Tony Montana type
Aint never did the killin' but still I'm lovin the drama
right
Undercovers pass by thinkin I don't know the truth
Makin niggas these offers they know these niggas
can't refuse
(Fade To end)
