And I got what it takes to rock the mic right yeah

Still watch what you say out your mouth

Cause 50 shots still will burn the club out

[Verse 1 (Freeway):]

I miss the hood when I'm travelin, get neck when I'm

Fuck a lex cause the click thick good in a caravan

Slide through your hood like a avalanche

Take a flick if you get a chance get that close

Fuck in a van cause I got that dough

Deal with me, enemies come sleep with me for
breakfast

Guaranteed to eat this toast

I'm reckless, firestarter heat your folks

A starvin artist that a eat y'all tracks, so don't bring 'em
around

I be around ricans vida loca

They got all the toastas don't need no gats

I got a six stashed leave 'em around

So I don't get left around haters around when I leave

In the winter rock short sleeves reason to pound

With the heat blastin, keep actin the heat blastin

Shut no marine shinin, marine fashion backin 'em down

Niggas 'gone keep hatin and my click 'gone keep

Keep movin, lockin the town

[Chorus (Freeway):]

It's Freeway in the place to be see

And I got what it takes to rock the mic right yeah

Will you cats try to block it stop tryin
Take that, get back, clap mine
You know, stay low, keep fryin, uh!
I put the led in they gat, the medal go clap
I lay cats flat on they back, stop fuckin with this radical
cat

You fuck around and need a medical cat
The led a go clap, your head a go back
Uh, it's B Sige, in the place to be
With two seaters on the waist of me, who's facin me?

[Chorus (Beanie Sigel):]

It's B Sige in the place with Young Free
And I got what it takes to rock the mic right yeah
Still watch what you say out your mouth

[Verse 3 (Freeway):]

Red nickels down your way don't trip
Get holded down your way got soldiers down your way
Keep quiet down your way no lip
All of y'all need to run yo'self
Go get the burna nigga bang yo'self
When I come through with they hammer make you lose
yo' health
And, boulder dashes move like Cassius Clay
Move yay like caskets, there's a will there's a way
Obey my thirst move yay through traffic
Without Sprite, without Nike's
I just do it bar break your basket
Yeah you damn right, without ice
I pull a playa honey card stuffed with baskets
International post playas stuck with a adlib

You don't wanna be hoe playas stuck in the hood
Bend over backwards clown suckers on a backwoods
[Chorus (Freeway):]
It's Freeway in the place to be see
And I got what it takes to rock the mic right yeah
