[Chorus: Saint Nick]

Think it's a game 'til them thangs come out

I bang out 'til your brains hang out..

.. cause you're fuckin with a gangsta nigga, a gangsta nigga

Think it's a game 'til them thangs come out

I bang out 'til your brains hang out..

.. cause you're fuckin with a gangsta nigga, a gangsta nigga

[Beanie Sigel]

It was a, full moon in the beginnin of March

Bout the end of Winter '74

The gangsta was born, introduced to sinnin and spinnin women

Cats with big hats slammin Cadillac doors

Who choosin hoes, you losin hoes, you niggaz loose witcha hoes

You motherfucker y'all ain't used to no hoes

Niggaz wanna LoJack, track your bitches, shack your bitches

I pimps up, smack my bitches

You wanna fuck trick your bitches

I duck flip my bitches, get that cash with that extra ass bitch

Plus I keep a gat at arm reach

You ain't no hustler youse a car thief, nigga where your car keys?

Crack topic, back block it

Thirty-one long black top it, you can't stop it, gat top it

Black Mack, black glock it, blast rocket

Sit your faggot-ass on your back pocket (bitch)

It's not a game, prick

[Chorus]

[Jay-Z]

Straight gangsta nigga.. uhh, uh-huh-UHH-UHH

Straight gangsta nigga.. yeah

They call me, Hov' the hustler, dough doubler

Drove customers crazy in the late 80's, early 90's

Now you can find me, girlie behind me, holdin my mink
up
Ice pinkie ring in the air, drinkin my drink up
Top down, 'dro in the air, blowin that stink up
It's seldom that I smoke, but it helps my thinker
Makes me a, mathematician about my math
Get celebrity ass, I'm a statistician - rap with precision
Nigga, your hoe chose Hov', that's rapid division
Now divide yourself and slide
I, young Vito, voice of the young people
Mouthpiece for hustlers, ventriloquist for jugglers
Took it where few went, made a few cents
Don't call me Hov' no more, call me _The Blueprint_
Sold dope (and) sold crack (and) sold soap (and) sold
rap (and)
bought Bentley's, bought 'em back, nigga can you buy
that??

[Chorus]

[Freeway]

Purpose for man - worship Allah, then you die
Purpose of my gun - run in yo' shop and take pies
Purpose of my son - raise him to do the same
Clip blazin it through your brains
Strip, use it 'til it's burned out
Benz Coupes, Jags and trucks when we roll out
Man it ain't no lie, it's real as this four-five
And real as these five salaats, whether we Deen or not
Our kids gotta eat, red Beamer stops
where your connects gotta meet, interrupt your cop
Dependin on the dope size, we slide it from (?) size
With hammers with hollows you feel we follow we're
both risin
They killed your cousin you strapped and you won't
ride and
don't think cause I rap that I won't (?)
Play O-Dog in _Menace_ and drive-by men
Real gangsters keep a bitch in the wheel, workin the
gas tank
Hoes on the strip, bringin that cash in

[Chorus]

[Lil Chris]

It's C the young gunner, they call me the boy wonder
Without that caped crusader, that cake is major, uhh
Nickel plate stay with it, except for in school
Metal detectors in school, for every last nickel get
moved
Fucked every bad little bitch in the school

Good with math but I skipped it in school
Ankle to shop but I'm sick with them tools
Shit, that's why I'm kicked out of school
Fuck J's by da locker, come and holla, uhh
Out on my own, movin out with the chrome
And can't nobody take me out of that zone, not even
A.I.

It ain't even a business, it's just the way I
get it consistantly, flip it until the day I'm gone
Scream beef any day and it's on
The same Chris dangerous with a eight in my palm
And been paid since the day I was born
But these lames think it's a game 'til them thangs is
drawn, uhh [Chorus] [Thanks to outkastlayzie@aol.com
