Close my eyes
I tried to hide
I'm listening to my voice inside
Why don't you tell me right or wrong?
I need to know where I belong
For all the days
I ran away
I never dared to ask me
Who could I be?
Who could bring back the love that's inside me?

Could it be you?
Or do I lose my way?
I'm here but color blind
Could it be you?
Or do I break away?
Just to leave the past behind
I only want to feel the sunlight
Stop the fight
And see it in your eyes
Wish I just knew what I should do
Could it be you?
Somebody tell me if it's true
I don't have a clue
Could it be you?

Too many things
Been said and done
Be sure if you could be the one
To dry the tears I left behind
To chase these demons off my mind
I see your face
I touch your skin
Is this a fight we both can't win?
Sometimes the truth is miles apart
But it's hard to break your heart

Could it be you?
Or do I lose my way?
I'm here but color blind
Could it be you?
Or do I break away?

Just to leave the past behind
I only want to feel the sunlight
Stop the fight
And see it in your eyes
Wish I just knew what I should do
Could it be you?
Somebody tell me if it's true
I don't have a clue
Could it be you?

Baby I don't want to waste your love
Though it's hard to just walk on
Will this search be never ending?
Where do I belong?

Could it be you?
Or do I lose my way?
I'm here but color blind
Could it be you?
Or do I break away?
Just to leave the past behind
I only want to feel the sunlight
Stop the fight
And see it in your eyes
Wish I just knew what I should do
Could it be you?
Somebody tell me if it's true
I don't have a clue
Could it be you?

Or maybe it is me
Who's too blind to see
That it's you
For everything I am
Everything I need
Lies in you
