Dreaming, I'm always dreaming
Dreaming love will be mine
Searching I'm always searching
Hoping someday I'll find
Someone, someone to love me
Someone who needs me but until then
I'll keep on dreaming
Keep right on dreaming
Dreaming till my dreaming comes true

Dreaming I'm always dreaming
Dreaming love will be mine
Searching I'm always searching
Hoping someday I'll find
Someone, someone to love me
Someone who needs me but until then
Well I'll keep on dreaming
Keep right on dreaming
Dreaming till my dreaming comes true
