Do you ever miss me?
Do you ever miss me?

Shine your light down just to let me know
Release the worry in my soul
Tell me secrets that I know you know
Come back home

Give me the answers to those questions I
I asked before we blew away
'Cause when you move, you're like a butterfly
Flown away

But I've got no tears left for you
I held on, and I hope you come through, I do

Hold your hands up
I miss you, I miss you tonight
Hold your hands up
I'll find you when I look inside
Hold your hands up
I miss you, I miss you tonight

Remember all the things we used to say
In the hope that we'd remain
I said forgiven, not forgotten, boy
It's not too late

But I've got no tears left for you
I held on, and I hope you come through, I do

Hold your hands up
I miss you, I miss you tonight
Hold your hands up
I'll find you when I look inside
Hold your hands up
I miss you, I miss you tonight, I'm alive

When I'll look for you, I hope you'll look into your heart
And you'll know what you missed
It's not a lot to ask, just stay and make it last
Now all I am asking is this, do you ever miss me?

Hold your hands up
I miss you, I miss you tonight
Hold your hands up
I'll find you when I look inside
Hold your hands up
I held on, and I hope you come through

Hold your hands up
I miss you, I miss you tonight
Hold your hands up
I'll find you when I look inside
Hold your hands up
I miss you, I miss you tonight
I'll find you when I look inside

Hold your hands up, hold your hands up
Do you ever miss me?
