I wake up in another daze
With the world just spinning around
I don't know how you got me feeling this way
But damn I'm really feeling it now

So turn out the light and shut the door
I just need some time to come to my senses
It's not up to you
Nothing you can do to summon this pain away

You've got me hungover and over and over
It's like there's no end in sight
I'm feeling it day and night
It goes over and over and over
And I've got to break away
But I know there's no escape
'Til I'm sober
'Til I'm sober
'Til I'm sober
You've got me hungover
You've got me hungover
You've got me hungover

People say you're no good for me
But my mind can't seem to figure it out
You intoxicated every part of me
And damn I'm really feeling it now

So turn out the light and shut the door
I just need some time to come to my senses
It's not up to you
Nothing you can do to summon this pain away

You've got me hungover and over and over
It's like there's no end in sight
I'm feeling it day and night
It goes over and over and over
And I've got to break away
But I know there's no escape
'Til I'm sober
'Til I'm sober
'Til I'm sober

You've got me hungover
You've got me hungover
You've got me hungover

I'm fighting
Just trying
To tell myself that we'll work it out
But it's useless
The truth is
You're no good for me

You've got me hungover
Yeah

It goes over and over and over
And I've got to break away
But I know there's no escape
'Til I'm sober
'Til I'm sober
'Til I'm sober
You've got me hungover
You've got me hungover
You've got me hungover
