Do you know how it hurts when a fairytale burns?  
Love is a refugee  
Ain't that absurd?  
You know how it feels  
When sudden dreams slowly fade to grey  
This is my independence day

She said she'd never love again  
Because he broke her heart  
And now she's blaming him  
But he told her from the start  
That what they had was special  
But it ain't really love  
Although he gave her everything  
She never had his heart  
But that's all that she needs  
So what's tearing her apart?  
'Cause loving him is hard  
But that's all she really wants  
She treats him like a king  
And he treats her like a queen  
But when he don't come home  
He don't tell her where he's been  
But she already knows  
He got lipstick in his clothes  
It's the message in his phone  
And the smell of his cologne  
But she don't say a tone or even moan  
She don't stress, fight or fuss  
She just keeps it to her own

When she cries, she dries her eyes  
She never lied in her life  
So his lies sound like knives every night  
In the morning she's all right  
'Cause she don't wanna fight  
But tonight she'll be gone forever

Do you know how it hurts when a fairytale burns?  
Love is a refugee  
Ain't that absurd?  
You know how it feels

When sudden dreams slowly fade to grey  
This is my independence day

He said he'd never love again  
'Cause he don't want the pain  
Of having someone special  
Do that shit to him again  
And though it ain't his fault  
There ain't no-one else to blame  
For all those sunny days  
When all you see is rain  
All you got are memories  
But that just ain't the same

'Cause the woman that he loved  
Must have simply gone away  
And everyday he wakes up  
Feeling like he's up in chains  
And now her sweetest touch  
Is like a shot to his brain  
And this is just a shame  
'Cause she don't say a thing  
Except to break his heart  
Like she's in a wicked game  
That he ain't trying to play  
But he's stuck trying to win  
'Cause he's stuck loving someone  
Who just ain't in love with him

But he's in love with her  
And this is where it hurts  
No but she don't give a damn  
Or even know his worth  
She treats him like he's dirt  
That she can throw away  
But he ain't going away  
'Cause today's gonna be the day

Do you know how it hurts when a fairytale burns?  
Love is a refugee  
Ain't that absurd?  
You know how it feels  
When sudden dreams slowly fade to grey  
This is my independence day

So forgive me but I'm gone now  
'Cause I'm free and I'm never coming home now  
I'll find hope in forever  
'Cause I'm thrown now  
And I'm flying and I ain't gonna go down  
I used to think we were magic but slow down

You didn't know what you had when you had it  
And now you realise that it's gone like magic  
And I guess you really want me back, right?  
Well, forget it

Do you know how it hurts when a fairytale burns?  
Love is a refugee  
Ain't that absurd?  
You know how it feels  
When sudden dreams slowly fade to grey  
This is my independence day

Do you know how it hurts when a fairytale burns?  
Love is a refugee  
Ain't that absurd?  
You know how it feels  
When sudden dreams slowly fade to grey  
This is my independence day
