all the friends have ever felt so...

Remember the time
When you were here inside my dream
I wish you'd be mine
You're understanding what I mean
Discover and see
That you're the only one for me
Together we'll be free
That's how it's meant to be

Have you ever felt so lonley
You're the one and only
Did you ever cry
Why did you say goodbye (4x)

Have you ever felt so lonley

Have you ever felt lonley

Remember the time
When you were here inside my dream
I wish you'd be mine
You're understanding what I mean
Discover and see
That you're the only one for me
Together we'll be free
That's how it's meant to be

Have you ever felt so lonley
You're the one and only
Did you ever cry
Why did you say goodbye (4x)

Have you ever felt so lonley
