Don't treat me like a virgin

I'm a saint
Love a game
I'm on kryptonite
Make your move
Say my name
Mr Foreign-heit
Everybody's on the floor
Ready to ignite
Lock me in
Turn me on
I'm on the borderline

Don't treat me like a virgin
You gotta get me hypnotised paralysed adrenalised
If you want my exultation
Exultation
Exultation

Elevate my appetite
I'm longing for confession
Study my body right
Oh boy you gotta get permission
Treat me like a malady
Can somebody give me the cure?
Just let me be your fantasised
Sinner on the dancefloor
Hey hey-ey-ey-ey
All OK
K-k-keep me sexified
I'm your sinner on the dancefloor

Lock it in
Spin me round
Like a satellite
I'm all in
Hit the ground
At the speed of light
Rock that body
Give me more
I'm adrenalised

Eat it up
Please don't stop
I'm on the borderline

Don't treat me like a virgin
You gotta get me hypnotised paralysed adrenalised
If you want my exultation
Exultation

Elevate my appetite
I'm longing for confession
Study my body right
Oh boy you gotta get permission
Treat me like a malady
Can somebody give me the cure?
Just let me be your fantasised
Sinner on the dancefloor
Hey hey-ey-ey-ey
All OK
K-k-keep me sexified
I'm your sinner on the dancefloor
Keep me sexified I'm
K-keep me sexified
I'm your doll
Keep me sexified I'm
K-keep me sexified
I'm your soul
Keep me sexified
I'm your sinner on the dancefloor

Don't treat me like a virgin
You gotta get me hypnotised paralysed adrenalised
If you want my exultation
Exultation
Exultation

Elevate my appetite
I'm longing for confession
Study my body right
Oh boy you gotta get permission
Treat me like a malady
Can somebody give me the cure?
Just let me be your fantasised
Sinner on the dancefloor
Hey hey-ey-ey-ey
All OK
K-k-keep me sexified
I'm your sinner on the dancefloor
