The world is in my hands
I'm ready to go my way
Tomorrow is not today
So take the chance
Singing oh, oh, oh

The sky is not the end
I'm ready to make a change
To give me one more dance
It's not too late
The world is in my hands

The sky is not the end
I'm ready to make a change
To give me one more dance
It's not too late
The world is in my

Just let it go, make it a night to remember
The beat of my heart
Tells me it's now or never
Cause it ain't over, tonight
Till it's over I will keep this dream alive
Till the end
Now the world is in my hands

The world is in my hands
I'm ready to go my way
Tomorrow is not today
So take the chance
Singing oh, oh, oh

The sky is not the end
I'm ready to make a change
To give me one more dance
It's not too late
The world is in my hands.
