Why can't I still believe in tomorrow?
When all I have tried is just in vain
Just in vain
Is it worth the fight
I couldn't stop believing that those feelings to die
But face the pain
Face the pain

I don't need no diamond rings
Alibi's no more

Who do you think you are?
Cause once again you broke my heart
I know that love went just too far
It's hard to catch a falling star
But now I finally realize
You're a brown eyed angel in disguise
Just one step too far so tell me honestly
Who do you think you are?

You and I were on our way together
But this light passed by this day's all gone
This day's all gone
All the tears I've cried
They thought me nothing last forever
I've been blind for just too long
Just too long

Cause don't need no diamond rings
Alibi's no more

Who do you think you are?
Cause once again you broke my heart
I know that love went just too far
It's hard to catch a falling star
But now I finally realize
You're a brown eyed angel in disguise
Just one step too far so tell me honestly
Who do you think you are?
