One things clear
She wants this and I want her
But I don't think that's gonna be
Enough to get me to get me through
This goes way past breaking a heart
It's like I'll take your breath away forever

All eyes on her with her eyes on me
I've tried so hard yet I still can't see
This is gonna hurt you more than it's gonna hurt me
I know you do but no I don't

I'm running out of time
As she's walking down the aisle
I'm such a last minute guy
And it's coming down to the wire
I've lied to you just to lie with you
I can't live with myself or die with you
