I don't know how it got so bad
I should have seen it coming now that I look back
I gave out my heart like it was free
I should of known that it would cost me everything

I don't know how long it's been
Since I've seen the son
In the setting I remember him
Behind these walls I try to hide
My face, from your eyes

I sing "Oh- Jericho
I know how you feel tonight
You put up your walls
So you don't have to fight
But you're surrounded now
And you're breaking down
Soon you'll find out
Surrender is a beautiful sound

Am I just too far down this road?
Am I in too deep?
Has it been too long for hope?
And then I hear this voice inside
Saying "My love will never leave
If you want to talk tonight"

I sing "Oh- Jericho
I know how you feel tonight
You put up your walls
So you don't have to fight

But you're surrounded now
And you're breaking down
Soon you'll find out
Surrender is a beautiful sound

Like ten thousand angels singing at my front door
Your mercy's washing over me
Like waves crashing to the shore
You know where I've been
Seen all of my sin

Still you love me
In spite of all this
All that I have
All that I am
Everything, everything
Is now in your hands
Is now in your hands

I sing "Oh- Jericho
I know how you feel tonight
You put up your walls
So you don't have to fight
But you're surrounded now
And you're breaking down
Soon you'll find out
Surrender is a beautiful sound

Surrender is a beautiful sound
(Surrender is a beautiful)
Surrender is a beautiful sound
(Surrender is a beautiful)
(Surrender is a beautiful sound)
