Well I walked on down to burbon street
I'm lookin for the house of new orleans
And I sold off all my whiskey
I bummed a cigarette from a man who had no arms
And I asked him for directions
He just turned around and walked on down the road

(Chorus)

Well I remember the night we danced out in the rain
And I remember the night that she held me through my
pain
I know there's times I feel like I could go insane
But I remember the night that we danced in the rain

Well I walked on down to the waters edge
And watchin mississippi river boats flyin down that
water line
And I watched couples walkin in the sand holdin hands
I got lost that night in the shadows of the damn

(Chorus)

But I remember the night we danced out in the rain
And I remember the night that she held me through my
pain
I know there's times I feel like I could go insane
But I remember the night that we danced in the rain

And I remember the night that we danced out in the
rain
And I remember the night that she held me through my
pain
I know there's times I feel like I could go insane
But I remember the night that we danced in the

Well I remember the night that we danced in the rain
