The sun is rising up in New York,  
It's 3 a.m. West coast time,  
You took everything,  
And you let me fall behind

(Chorus)

There's no California that's all I heard her say  
Staring at this ocean, feels so far away  
I can't see the sunset, when all the skies are gray  
She says she loves me, but not enough to stay

Since you been gone this house feels empty  
If you were lonely why did you leave  
Did I not give you everything

There's no California, that's all I heard her say  
Staring at this ocean, feels so far away  
I can't see the sunset, when all the skies are gray  
She said she loves me, but not enough to stay

Repeat chorus

She said she loves me, she said she loves me  
There's no California, no California...
