Let it be said that my doubt was
fear (she was naked and angry)
All trust lost, I just couldn't care
(as she was reaching for my...)
Maybe that side was too stark for me
(it was going too happen!)
But in the end she said she'd set me free.

I kissed the lips that taste of poison ivy and I smiled

Disgusted inside?
Who am I to decide
You look me over and then progressed to eat me alive
Steaming inside
your otherwise so peaceful mind
So I made the trip, that ride of gruesome intentions, oh
man
The full Monty
It was an explicit scenery
Not much for me but just enough to make you good
and drunk
It was impossible to stop
Your ass in purple motion

I kissed the lips that taste of poison ivy and I SMILED!

I can't get anything done when you stare at me
I can't get anything done with your piercing eyes
In my neck

Rattle my rattle tail
Show you what I'm made of...goodness? Pure evil?
HEY SISSY BOY!

She placed the light and the goodness of my heart in a
fart,
yeah she gave wind...like you wouldn't believe it

Out of the mud and into it again, eating it again
Soaring and roaring, give me my refrain, then do it
again

Smack down hit rock bottom, pushing her away,
nothing more to say
This has to stop I am melting, feel the raging fury from
within
