I'd walk a million miles
Just to see your face
I need you in my life
To get out of this place
I'm trying to let go
Of the trouble I've been in
Workin on myself
To get outta this sin

I've tried almost everything
And yet I've fallen
And crashed...

I just need to disappear
Help me to get out of here
If I'm gone, I won't be crying
But if I stay
I'll end up dying

Walk alone in my room
Feeling trapped, feeling doomed
Needing to escape
Needing a place to stay

I've tried almost everything
And yet I've fallen
And crashed...

I've tried almost everything
And yet I've fallen
And crashed...

I just need to disappear
Help me to get out of here
If I'm gone, I won't be crying
But if I stay
I'll end up dying

Crying on the inside
Dying on the out
I've done all I can do
There is no life without you...

I just need to disappear
Help me to get out of here
If I'm gone, I won't be crying
But if I stay
I'll end up dying

I've walked a million miles
Just to see your face
When I finally found you
You've moved on to another place
