

Casey Garcia "Is It Love?"

Visit "[Is It Love?](#)" on MotoLyrics.com

When you look into my eyes
Promised to me that you'll never lie
Walked me to class everyday
Just to see what I'd say
Dried my tears while I cried
Made me feel like I had flied

I feel a connection between us
This feeling is magic

The more time we spend together
Feels like we'll last forever
As time passes
I ask myself, "Is this what love feels like?"
If this is, I hope it never ends

We hang out after school everyday
You've met my parents many times
And everytime they see you
They can't help but to smile

I feel a connection between us
This feeling is magic

The more time we spend together
Feels like we'll last forever
As time passes
I ask myself, "Is this what love feels like?"
If this is, I hope it never ends

As the days pass by
I feel more and more alive
This connection's growin
And your love for me is showin...

The more time we spend together
Feels like we'll last forever
As time passes
I ask myself, "Is this what love feels like?"
If this is, I hope it never ends
