Today was the best day
Now the only thing that I can say
Is that I love him
He's the best
Better than the rest
You can see his smile from a thousand miles

My life has gotten better
A smile is always on my face
Since I've moved to this amazing place

This life makes me smile
I've got my friends
That are here with me until the end
I've got my life on track
Now I'll never go back

My life used to be a mess
I was more depressed
The day I met you
In my heart I knew
This was oh so right

My life has gotten better
A smile is always on my face
Since I've moved to this amazing place

This life makes me smile
I've got my friends
That are here with me until the end
I've got my life on track
Now I'll never go back

I never want to go back
I never want to go back
