His love is my durg
And I'll never get enough
He brings happiness to my life
His love is an addiction
That I continue to fight
RAWRR... look it's a dinosaur! ?
But his love... it's... a drug!
He's got style, body and mind
He's also very kind
Oh my gosh... here he comes
RAWRR... RAWRR... RAWRR...
His love is a drug
My obsession... call it as you may
He's all mine and he's here to stay
