I wish you wouldn't be this way
I know you've been through everything
All I can say...
Is it'll be okay
If you let me try to help
I can save you from yourself
I know, I could

Because suicide is never the answer
And if you let me, I'll be your savior
To save your life
And take away that knife

When you talk like this
You make me cry
Because I don't want you do die
When you call me on the phone
I can tell by your tone
That something's wrong
So I wrote you this song
To tell you that...

Suicide is never the answer
And if you let me, I'll be your savior
To save your life
And take away that knife

I refuse to let you go this way
There's still so much I need to say
There's still so much I need to do
Like tell you how much I love you
Please don't leave
Believe what I'm saying
Believe

Because suicide is never the answer
And if you let me, I'll be your savior
To save your life
And take away that knife

You didn't listen to me
Told me how happy the world would be

If you were gone, but you were wrong
You didn't give your life a chance
Barely gave it a glance
Before you decided to look away.
