(Yella boy Trent)

Camp walk dat bitch cause my flow is super fly
And if you can't walk that bitch then don't even try to
bite
Cause we gets jiggy over here different shows for
different nights
And if your swag is outta gear you better change like
mountain bikes
That's right I know you jig
And if you can't then you already slow my jig

Now take a picture cause the figures in my wrist cost
more than your house
Plus she like the way I jig and the golds in my mouth
My swag is fergalicious with the aqua number eights
Tossing stacks from my pocket you can call me Bill
Gates
Camp Walk that bitch pool palace all night
Fruity pebbles on my shirt something like a food fight

It's time to do my dance
It's time to do my dance
It's time to do my dance
It's time to do my da-ance

It's time to do my dance
It's time to do my dance
It's time to do my dance
It's time to do my da-ance

Now watch me walk dat bitch
Camp walk dat bitch
Now watch me walk dat bitch
Camp walk dat bitch
Now watch me walk dat bitch
Camp walk dat bitch
Now watch me walk dat bitch
Camp walk dat bitch

(Lil Playboy)

Cash Camp on deck boy you know what time it is
Boy we came to make you dance like Michael Jackson in
the Wiz
Holding up my pants camp walking on them haters
They love to watch us do it cause the camp got flavor
Flyer than a eagle hotter than a radiator
We keep that cash flow moving like an escalator
If you don't wanna do it then boy I see you later
Camp walk it out from Bankhead to Decatur
It ain't hard to do, put some pep off in your step
But if a hater throw some salt camp slide it to the left
You can do it how you want, look it's all in your swag
The only rule that is to do it to make them haters mad
Now walk it on the flo', camp walk it on the floor
Yeah you got them choosing hard so camp walk it on
dat hoe
A-town fitted with my dreads out the back
New j's on my feet fresher than some plastic wrap
