"High Noon"

You taste tired of living
Shadow who will follow you
So give up your friends
But don't follow him to his end

I could follow you
But never drown as you
I could follow you
But never drown as you
I could follow you
But never drown as you
I could
If I wanted to

But it's too soon
And this is high noon
This is high noon
It's not too soon

See you some day again
Still drinking lonely nights away
And letting yourself down again
You know, it's tender when you change

I could follow you
But never drown as you
I could follow you
But never drown as you
I could follow you
But never drown as you
I could
And I would

If it's not too soon
And this is high noon
This is high noon
It's not too soon

Lonely lovers' avenue
Is tired of you
Lonely lovers' avenue

Is tired of you
