"I Got The Door"

Someone smashed my faith in confidence and truth
Someone made an offer I could not refuse
Someone wrote my story it was wrong but meant to last
I know about my future but nothing of my past

I can't seem to find you but I got the door
I can't seem to find you but I got the door
I can't seem to find you but I got the door
I can't seem to find you but I got the door

Careful it's not sandman sneaking up my stairs
Hiding on the top floor - I'm alone up here
They locked me up in moonbeams, that's flashlights to
you sir
I am just a baby but I'm not your little girl

I can't seem to find you but I got the door
I can't seem to find you but I got the door
I can't seem to find you but I got the door
I can't seem to find you but I got the door
