She's a long gone demerol  
She'll make you forget  
Something about the time  
The time she took you downtown

She's a long gone demerol  
She'll make you forget  
Something about  
Not living life  
Her past times  
In your room

Wandering to find the waterfall  
That was shut behind an idle heart  
God said, you know I'm so confused  
That you'd let yourself fall apart  
You want it more  
For what it is  
You're not alone  
You should wait  
Later on  
Hate yourself  
Hideaway  
Life is hard  
On everyone

She's a long gone demerol  
She'll make you forget  
Something about the time  
The time she took you downtown  
Oh no, you can't remember it  
You're hanging upside down  
As a sun related offering  
To the night time  
To the night time  
To the time  
Violence and liars are a likely pair  
When the pool is filled with empty air

Wandering to find the waterfall  
That was shut behind an idle heart  
God said, you know I'm so confused

That youâ€™d let yourself fall apart  
You want it more  
For what it is  
Youâ€™re not alone  
You should wait  
Later on  
Hate yourself  
Hideaway  
Life is hard  
On everyone
