Enough said  
And enough bled  
Enough, I said  
Even the smallest wound complains  
Of being kept open  
Gasping for substance  
A trustworthy dependence

If you have a heart  
How much can it take  
And how much of it is fake  
Prepared to break

Enough love  
Love and enough hate  
Selfcontempt  
It doesn't really matter in the long run  
It always ends  
With a whimper  
And nothing left to offer anymore

If you have a heart  
You know it's never simple  
To make a wish and then  
Go on like this  
As if as if it didn't exist  
As if it did not exist

Did you ever wish that you were  
Somewhere else  
And someone else  
Did you ever wish that you knew  
Exactly what to say and when  
Did you ever wish anyone well  
Meaning it well, I did  
Prepare to break

If you have a heart  
If you have a heart  
If you have a heart  
If you have a heart
