Immortal- with others' heart, with others' brain
Gasp'd by entrails of this modern form of insane...
...Insane... Insane

Controlled- incest of human side
Genetical society of laboratory suicide
...Suicide... Suicide

Eternal- incorporated
Artificial lengthening of this ending time
Immortal- incorporated
Artificial lengthening of this ending time

Egoistic euthanasia- we, the goods of the trade
Engineered lobotomy- their power to increase

Soulless- deep coded in coded in your DNA
You're inferior flesh of the manufacturing process
...Just flesh

Immortality incorporated!
