I lay here in this sand of time  
Grain crackles among my teeth  
Face down-sucked by the ground  
But this soil owns nothing that I have to stand up for  
I could lift up my head but what is to see above  
Dried grass-stealing through light  
Carrion eaters growl  
... nothing to stand up for

[Pre-chorus:]  
Tear me-gnaw me-feed me  
Why don't you smell the plague  
Digest me shit me-utilize me

[Chorus:]  
Why the vultures cry? round and round they fly  
Why the vultures cry?  
My dried bones are useless now  
... now and forever more

The north wind had to spread my smell  
On this battlefield all around  
Face down-deep to the ground  
This soil feeds nothing but only a lonely corpse  
Time to realize that bones are nothing for  
No food-crying vultures  
Starvation is that growl  
... nothing to stand up for

[Pre-chorus]  
[Chorus]

I'm weak to be flesh that's all  
Underneath everything  
Their flight is so wonderful  
Face down- I'm bones on the ground  
My only dream is that growl  
My only dream is that growl

[Pre-chorus]  
[Chorus]
